								alarm monitoring console 
								Haz Mat Storage 
								Haz Waste Storage 

#### **IV. California Annotated Site Map - Instructions**

Attach a map of the facility using the standard grid. As a minimum, the map should show the following:

1. Site Layout

- Scale of map
- Site Orientation (north, south, etc.)
- Loading areas
- Parking lots
- Internal roads
- Storm and sewer drains
- Adjacent property use
- Locations and names of adjacent streets and alleys
- Access and egress points and roads

2. Facility

- Location of each storage area
- Location of each hazardous material handling area
- Location of emergency response equipment. For example, equipment for fire suppression, approach and mitigation, protective clothing, medical response, etc.
